### IITE- Indian Institute of Teacher Education Guru Drona Skill and Training Center

IITE has been known for its efforts to achieve milestones in the field of Education. It has been started with the vision of Shri Narendra Modi and Late Shri Kireetbhai Joshi to set a process from where we can nurture the best teachers for our nation as well as the globe.

Center Of Training(COT) aims to understand the changing scenario of global education with the help of field experts and device the new training module for In-service teachers to hone their skills and increase the probability of better growth in the field of education. Skill Department at COT, IITE is established to train and develop employability skills in the students.

### ICT (Information and Communication Technology)

### Skill Courses Center Of Training

#### Objective:

To gain Knowledge of ICT including new emerging technologies, Autonomous and discerning use of ICT, the ability to recognize potential risks when using ICT, and use safe, secure and responsible practice.

#### Skills Imparted:

To enhance work produced in a range of contexts

To analyze, design ICT systems

Implement, test and evaluate ICT systems

ICT-based solutions to solve problems

Ability to recognize potential risks when using ICT

Use safe, secure and responsible practice

#### Efficacy of the Course:

ICT skills and understandings are necessary for a productive and rewarding life and can play a significant part in connecting people and enhancing their wellbeing.

It extends the range of learning experience available and can be delivered in highly flexible ways. It plays an important role in forging links between schools and local and global communities. It can promote innovation, increase productivity and enrich quality of life. Workshop methodology will be followed throughout the course duration. The emphasis will be on skill refinement by creating relevant experience and getting the students reflect on them systematically.
