"A businessman can influence the country's economy, but a teacher can influence the future generations of the nation."

- Shree Narendra Modi

Disclaimer: The University has abridged this brochure to facilitate applicants registering for various teacher education courses at IITE and its affiliated colleges, obliging the Act, Statute, Ordinances and Regulations of the University. However, the optimum care has been taken in drafting this document. In case of any discrepancy, IITE Act, 2010, Statutes, Ordinances and Regulations stand as final.

From the desk of Vice-Chancellor...

Dear student friends,

Best wishes from the Indian Institute of Teacher Education (IITE), Gandhinagar.

I am delighted to welcome you as a potential student of IITE, Gandhinagar. IITE Not just a university. But 'there is a mission to transform school education and especially teacher training'. Education is a fundamental stimulus for realizing the potentials of future generations. The lamp of knowledge spreads light in the society through education. A generation satisfied with education is an invaluable real asset to society. Which makes the country proud. So I want all of us to work together to identify and find solutions to the problems that directly affect the quality of schooling. The development of a nation takes shape on a strong foundation of education. If we all meditate on education today and acquire knowledge, the worries of the future society can be reduced. Thus, education will make the future of the nation stronger.

National Education Policy-2020 has been presented to us with many innovative and meaningful dimensions. Its practical implementation has already started. In these circumstances, the teacher has to know, learn and train many subjects in the in-service and pre-service training for the teachers through teacher training. This work can be done not only for the superficial brilliance but also for the richness of the knowledge and skills of the teacher so that the changes can be adapted quickly.

All the disciplines are connected with the faculty of education. The teacher of any discipline is related to training. We will be able to adapt very quickly if we get new and sufficient knowledge and understanding of new projects, techniques, and trends necessary for the system. It takes time for all to work tirelessly in this direction.

Learning to teach is essential in the 21st century. The teacher is not the only one directly related to education. Everyone is directly or indirectly involved in the education process. In order to increase knowledge in this direction and move forward in the direction of realizing the dream of higher studies. The process of education course is starting. I wish all the applicants to contribute to the achievement of the goals of the University through their commitment to knowledge.

Date : 15th June, 2021

Indian Institute of Teacher Education:

The State Public University: Nurturing Teachers of Tomorrow...

Indian Institute of Teacher Education (IITE), a State Public University established under Gujarat Government Act 8/2010, is the University dedicated to Teacher Education. It is only of its kind University in India and in South Asian countries. This University is the manifestation of India's visionary leader, then Chief Minister of Gujarat and incumbent Prime Minister Hon. Narendra Modi's vision of a University, which would be specialized in preparing teachers equipped with the advanced teaching skills and deep understanding of Indian knowledge and value system. The University is committed to prepare teachers with global competence to teach in the schools across the world, as Shree Narendra Modi has vision to provide excellent teachers not only to India but across the world, who will carry Indian Values with them wherever they will be going to teach in the world.

It is believed that the sharing is the power that will generate the knowledge in the 21st Century. In contemporary times, education would not be just UG/PG degrees but multidimensional development of individual. Looking at the dire need of the society for an all-inclusive setup, the idea of innovative, residential, integrated degrees was brought in to existence. It is an Indian ethos to sense the best from round of the world and to inculcate them in prospective generations without any kind of discrimination. **Legendary Indian Academician and Philosopher Shree Kireet Joshi**, made it viable and led us towards developing curricula for this University. It is a collaborative effort and leading National and International scholars contributed in development of the curricula. The institute has single line motto of nurturing world class teachers, who can be exported to the schools across the world. It is the acute need of the time and there is a dearth of good teachers globally. IITE is established with a view to provide skilled teachers to the world.

Skill is a key in the process of acquiring knowledge. IITE has made it mandatory, so skill development training is integral part of our training curriculum. We have focused on specific skills to get developed along with schedule programs of curriculum transaction. Communication skills in mother tongue and English, dance, drama (theatre), painting, performing arts, etc. We believe that enhancing professional skills give competitive advantages to learners for securing the role of a teacher at the beginning of their career as soon as they step out in the world.

Vision

To create teachers of tomorrow with the transformative knowledge of Indian tradition and usher in a new era of teacher education, focusing upon the integral development of teachers.

Mission

To provide integrated courses in teacher education, marked and defined by value-education, global outlook, and interdisciplinary.

Objectives

The University has the objective of preparing teachers with professional acumen to serve the humanity in general and society in particular.

The following are objectives, vision and mission of the University:

- To evolve and implement new programs of Teacher Education, which would provide education and training to the students of the University to transform them into teachers with integral personality.
- To impart training based on globally benchmarked curriculum with ideas gleaned from the fusion of the Indian and the Western knowledge systems.
- To equip teachers with the global competencies requisite for dealing with the issues students of 21st century.
- To provide training that would enable the prospective teachers to see the world in the light of universal human values.
- To promote the indigenous tradition of teacher-student relationship (*Guru-Shishya Parampara*) in the field of Education.
- To promote advanced research in the field of education and disseminate its results of amongst parents, social educators and social workers.
- To promote national and international cooperation in teacher education as also in the development of teaching-learning material through online programs, documentaries, musical and dramatic programs and films.
- To undertake, conduct and promote any program that will enhance the highest aims of pedagogy and synthesis of knowledge-systems and internationalism.
- To foster the University's highest purposes of education of the body, life and mind as also of the human spirit in its integrity. To foster the University's purpose of education of body, mind and spirit in its totality.
- To introduce and nurture innovations in the education system to reflect India's spiritual knowledge, robust intellectuality and inexhaustible creativity.
