

PG Department Annual Report

During academic year 2020-2021, various curricular and co-curricular activities were organised to facilitate learning of the post graduate students. The students have enthusiastically participated in various activities. Due to Covid-19 pandemic and as per the guidelines of the government, teaching learning process was carried out online as well as online. The glimpse of students' participation in various activities and their achievements are presented in the report.

Conducting PG Conclave

PG Conclave is the one of activities which performed by the PG students in which they share their knowledge, learning and their creation. In the beginning of the year, as per the government guidelines, online education was provided. So during such situation, to acquaint new students with IITE and know qualities and abilities of each PG students, 'IITE Ke Parenide' concept was introduced. In that each student had shared their achievements and abilities with students and the faculty members.

Exploring Education as a Research

As PG students they have conducted various experiments to investigate and test concepts of science as well as education. They have successfully completed project work in various interesting emerging areas of science. The project work was carried out in the laboratory as well as outside the science

laboratory. Second year students have also designed research proposal and presented it in the forum where students and faculties discussed it with reference to its utility, relevance and technicality of research. The final year students have presented their final research work in the forum where faculties have provided them guidance with reference to its analysis, reporting and other technicalities related to research. Even last year

students experienced role and responsibilities of teacher educator during their internship in various teacher education colleges and DIETs. They have explored various components of teacher education by performing various task during their internship.

Apart from their academic involvement they have actively participated in various co-curricular and sports activities too.

Sportsmanship of PG students

The Post Graduates have participated in various sports events of university. The equal amount of enthusiasm reflected in various sports events of boys and girls. They have not only participated in various sports activities with sportsmanship spirit but they won prizes in various indoor and outdoor games. The guided and motivated undergraduate students to improve their sports skills and work in team.

Bhavdip Sarvaiya

Talent of Youth in Kala Kunj 2021- Youth festival
